The new system was set up to support the drafting of a motion to receive all funds into provincial coffers. "We support the enhanced motion, as it is not only in the best interests of the province as a whole, but especially the poor working class, who have not benefited by this government's stamping out of any reforms on increased minimum wage or rent or any of the other

initiatives that have gone with it," said party spokesperson Brian Early. A motion was received at the council meeting approving the motion, although it was to receive the change over of all funds through the province, rather than to implement the change and not have to wait until the next provincial election. But, council voted unanimously to hear the amendment the next time it came up for a vote. " 3e33713323
