Transformers 3 Theme Crack+

Transformers 3 Theme is a pack that contains 10 high resolution Transformers backgrounds for your desktop. Enjoy stills from Michael Bay's Paramount Pictures release Transformers 3: Dark of the Moon in 3D - starring Shia LaBeouf as Sam Witwicky - with this theme pack. This is not to say the picture above is the default look of the new iOS 7, but it looks like a winner. We'll have to wait until the official iOS 7 release to know for sure, but for now, we can just sit back and enjoy this beautiful work of art. Keep in mind that this is only an ad. I'm hoping that Apple will take this as a hint and do something with it. It's not like

Apple hasn't shown how much it cares about its users before. The good news is that the Surface Pro 4 still has a respectable battery life. While it's no beast of a PC in terms of raw power, its 4.4-hour life when streaming HD movies is still markedly better than the MacBook Pro 13. There are also some tricks that can be done to give it a better runtime. Let's start with the new

Surface Pen, which is actually pretty great. It's a lot smaller than the original version, so it doesn't feel as heavy. It's also comfortable to hold. The tip is a little lighter too, and it even has a second click to switch between pressure sensitivity and variable tilt. The new Surface Pen also has a larger battery. Microsoft says it will get up to five hours of use, which is a huge improvement. You can also use the USB-C power adapter to charge it, which will last about two hours. Unfortunately, that means it'll be impossible to charge with a micro-USB cable, so you'll need to buy a Surface charger if you want to go with that option. You can also pair the Surface Pro 4 to an external keyboard using Bluetooth. This lets you use the device as a 2-in-1 PC, or use the keyboard to get more work done. Unfortunately, the keyboard isn't quite as good as the previous generation. The spacing and size of the keys are slightly different, and there's no touch-type functionality. I tried to work on the device with it, but it just wasn't as comfortable. I found myself constantly swapping between using
