### Aoao Photo Editor [32|64bit]

Aoao Photo Editor Crack is a feature-rich application you can use to edit images by adding text, adjusting the color balance, or applying watermarks, among others. It can also rename multiple files in bulk. Preview and edit images It's packed in a seemingly interface with an integrated file explorer and preview panel, which displays cluttered image editing options. Although this tool is designed for graphic processing, it can also preview videos. It's possible to embed custom text or timestamps and customize the color, font, size, opacity, shadow, underline, tilt and location on the image. Similarly, you can add watermarks, adjust the brightness, contrast, saturation and RGB channels, as well as convert images to monochrome or negative format. Convert and rename photo files Furthermore, you can use basic drawing tools such as pencil, line, arrow, circle, rectangle or eraser, crop pictures, add frames, rotate and resize pics, and convert them to other file types (JPEG, BMP, TGA, TIF). The photos can be previewed while experimenting with various options, and the modifications can be applied to all files or just the current one. As far as the renaming tool goes, you can specify pattern for the file name and extension, use numerical or alphabetical auto-incrementation, as well as preview the old and new names before committing changes. Other tools bundled with Aoao Photo Editor enable you to set an image as the desktop wallpaper, take screenshots with custom regions, export the list of files to a plain text document, or export Flash or video sequences. Smart selections can be made for the type, size, time and name, or odd and even files. Evaluation and conclusion It had minimal impact on computer performance in our tests, using low CPU and RAM. Unfortunately, the utility hasn't been updated for a pretty long time, and its interface has cluttered options which make Aoao Photo Editor difficult to figure out. Several errors popped up. Although contains many helpful settings, it seems to be unstable. System Requirements: Windows XP / Vista / 7 / 8 / 8.1 / 10 Limitations: Aoao Photo Editor is not compatible with 64-bit systems.
