Brazil Banned its Rapid Reaction Force From the World Cup According to Brazilian Minister of Sport Aldo Rebelo, the Brazilian Ministry of Sport will have no contact with the Rapid Reaction Force of the Brazilian Football Federation as from the time the country's teams enter the World Cup until the end of the competition. This apparently is due to the fact the Brazilian government has neither allowed nor approved of the use of the RFG, a unit composed of soldiers and federal police officers that could be used to respond to any situation that may occur during the World Cup in Brazil. It is important to note that the RFG members are trained to use weapons, they are fully equipped, and they could be put in place immediately. Though the very existence of the RFG is not authorized by the government, a lot of interest has been generated in the force by the fact that they plan to use 9-millimeter submachine guns in the World Cup, and they will be employed as part of the Rapid Response Police Unit. So far the only thing that has been agreed to by the Brazilian government is that they will not prohibit the RFG from being used. The RFG will be called in at a moment's notice as long as they have orders by the commander-in-chief, and the government hasn't asked any of the other units on the roster. The RFG won't be coming to help the Brazilian men's national team though, that has been taken

All of my tutorials are based on my lectures in the University, I will post them to share the tutorial to people who will find them useful. Since I don't have any time to make video tutorials and direct them, I'm sorry if I post a tutorial that has some grammar mistake, but I will be pleased to correct them if you notice it. [edit] Youtube Channel My YouTube Channel contains lessons which will help you to learn how to use VTC and other useful and necessary programs in the same way as I do.
