Inside the game's virtual book, you can find some hidden frogs. Here's what they do: the ones with the glasses play a song that gives Nekohime a little headache the ones with the suspenders play a song with power ballads as the words the ones with '㊦' (doujin) have their own theme song (?) the ones with '㊦' (pon) play a song that sounds like a 'normal' love story the one with '㊦㊦㊦' (ando-ra-no) play a cute little guitar solo and finally, the one with '㊦㊦㊦' (an-na-an-na) create a mix of Chinese lullaby and Japanese love song (All the songs can be listened to by clicking on the respective frogs!) You can opt to remove these songs when you're done with the game. Watch East / West (㊦㊦㊦㊦㊦) on Dailymotion Hola! Everyone! This is HMMR (Hello My Room). Today we're going to be watching... Hola! ## **What's new:**

**Post navigation From an email to me this morning Hi Adam, I enjoyed reading your blog. I'd read that you were pro human rights, an environmentalist and a strong supporter of freedom of speech. That you are willing to put up with 'bull' so that we can expose those who are impeding our progress. Based on your excellently clear message to us all, I presumed that your views put you outside the Left/Right spectrum which is supposed to be split by only the labels of 'Progressive' & 'Conservative'. You're actually way beyond left. You are way beyond the Left/Right spectrum as we currently understand it. In fact you are way past it. You have transcended it by going beyond the idea of 'left' and 'right' and are now in a place of logical thinking where Human rights, The environment and Freedom of Speech all stand on 'equal footing'. No matter, on the Left or the Right - the Patriarchy of these people is undistinguishable and is creating the core problems within our species. The Left/Right bias of the Patriarchal Grandparents was insidiously built into us by them and it's not just the Patriarchal Grandparents - the whole of modern ideology is created by them - all opinion, all fiction, all news they know how to create. All of it and for precisely that reason they have created the conditions in which we are currently experiencing. Whether you are a Conservative or a Socialist or an Environmentalist, you really don't know what you are. To be human is to be open-minded and to believe that there are alternatives. You are probably a hack but you probably know this already and that's why you trust yourself to be open-minded. More like an Antisemite if you don't think that Zionism, fascism, racism, and violent wars preceded and continue to be inspired by Judeo-Christianity. The Zionists jews didn't create the plague of today, the b'nai b'rith did. They, along with every Zionists jew-president excluding FDR, have caused most of the devastation to us, the left/right (Republican/Democrat) pigeonholes to today's offerings. They truly are the true descendants of Europeans who cut the backs of people so they could continue**
