I hate the water in this movie and I think the guy who plays the main character is pretty good. I don't know what it was that made me hate this movie. But after seeing all of the hate on this, I am intrigued enough to seek out the movie. I'm not sure whether I'll like it or not. But I'll give it a go. I hate the Water! The character is not believable and not rooted in reality. If the story was believable it would have been on TV as a mini serial. Why? Because the character was highly unsympathetic. Plus the dialogue is so unconvincing it's laughable. It's one of those movies that other people hate and you hate even more for making you watch the movie. I don't even hate the movie, but the hate brought about by the musical/romantic really brings out some hilarity, which makes me really glad I took a second to watch this movie. I got hooked, and will definitely be watching these guys again! Online ukmovies-com. Www.ukmovies-com! I want this! This is amazing! This isn't just a movie!
