Dungeon Defenders The Tavern Update is a small update for Dungeon Defenders that introduces a new Tavern level, featuring new items for your team!..Musings by Rob Do whatever it takes to build business Last year was a challenging year for many businesses. Undoubtedly, you were playing the catch-up game. The best way to get ahead this year is to plan ahead. Build a well-developed cash flow plan that clearly reflects a good balance between the short, medium and long-term. The longer time frames enable you to build a solid foundation and identify future opportunities. It is sometimes difficult to identify the opportunity, and there can be a lot of uncertainty as to when it will manifest. By getting the growth plans worked out, you will have a better opportunity to gauge how to react and react quickly. The growth plans

are typically a long way down the road, but they can have a decisive influence in deciding your future direction and strategy. In conjunction with your cash flow plan, you should look at the following factors: What future activities will deliver future cash inflows. What are the required capital outlays to fund future cash flows.

Q: Get the First word in a string i have a function that returns the first word in a string, but it doesn't work when there is a space between the word and the punctuation, like this:  
`get_firstword("This is a test.")` this should give the firstword as test, but instead i get test This, what can i do? A: you can use match with `re.match` : `re.match("[a-zA-Z][\w_]*", s)`: re means regular expression, and `"[a-zA-Z][\w_]*"`
