*WE ARE NOT AN AWARDDING COMPANY 1. Want to know everything about Tarnished Knight? Everyone has experienced a time when they were lost in the world of Tarnished Knight. The first version of the game, which was released in December 2013, is the story of the hero who overcomes the Tarnished Knight and attempts to take the land of the Guild by himself. The development team has discussed the issue of whether or not the story is "the main event" from the start. As a result, the hero of the main event will appear at the end of the story, but the game world will not be created and the story will not be completed. It is unclear whether it will be the case where the main event hero is only a story where the story gets deeper with further updates and plays as an independent product after the main event hero appears. It is also unclear whether the game is structured so as to be compatible with this to make the main event hero appear as the end of the main event. Tarnished Knight has a complex story because, in addition to its theme, its unique online play, and the post-launch developments, it would like to add to it by gradually adding new content in its main event. 2. Why did you give Tarnished Knight to the fans? Thanks to the game's popularity, the game is almost finished. However, the development team is continuing to add new content and is currently working on post-launch developments, and thus there is still a lot of content that has not been released. We wanted to give them the most content possible for Tarnished Knight. 3. Why is it not an Awarding Company? Tarnished Knight is a game that people have played since 2013. The content itself is not an Awarding Company, and we believe that it is possible to add content to the game that is enjoyable to play and is worthy of an Awarding Company. We will continue to play to hear your feedback and to make further developments based on the experience. By the way, a main event hero appears at the end of the game. You play a hero who is on a journey to take back your homeland. Your goal is to strengthen your army, develop your character, strengthen the Guild, and overcome the Tarnished Knight. You

Fleshed Flesh, a word first turned up around the year 1300, may have come from the Middle French word farce, from Late Latin fallacia, literally the deceptive act or performance. Farce is from farcere, meaning to deceive, from farcir, to deceive. Farce, a strolling player's juggling act, is what used to go by the name before the farcical comedy of Molière and others came into its own. In 1848, when Ben Jonson used the term in his play The Alchemist, he meant it to allude to the crudeness of certain young men's acting—though the word was also a much-repeated synonym for actors in general. [A]t an early stage of their life they have been taught the art of misleading and deluding others; and now, with the utmost art of acting, encourage and maintain a belief in truth where it really does not exist. In 1626, Ben Jonson used farce to refer to juggling generally: "Either a good song, a brave play, a merry farce, or else a worthless, a malicious, squib, or a trivial declamation; 4. Somewhat in this sense the word entered
