Foo Playlist Name Enhanced

Foo playlist name enhanced is a useful add-on for foobar2000 that extends the playlist info to all playlist names. Each time a playlist is modified, it checks if the playlist name matches " []". If it does, it replaces the part with the new info. If it doesn't, it appends " []". NOTE: it only checks for left and right bracket, so be careful if you have "[]" at the end. Installation Instructions: 1. Unzip the x64 and x86 to your ~/.config/foobar2000 folder and load foobar2000. 2. In foobar2000, Ctrl+A, go to Tools and Plugins, Plugins tab, and type "foo playlist name enhanced". 3. foobar2000 will restart. More info: FOO playlist name enhanced (foo playlist name enhanced Description: Foo playlist name enhanced is a useful add-on for foobar2000 that extends the playlist info to all playlist names.
