5/5 by Mato "EH SERIOUSLY" Berzowski "This game was a long time coming and thus my expectations were high. They were unfortunately not met. I feel that the game has a charming story with a unique atmosphere, but is not very interesting or involving and I was bored with the tedious main questline for quite a while. I also never got on with the leveling and gearing up system. The NPCs however, are extremely annoying to work with and can drive you up the wall with their overly-exaggerated, often too emotional, responses. The character creation is the most unique aspect of this game, but is not very well executed and can easily get annoying as well. The game

---

also has several problems with their economy, which made it harder for me to get into the game. To sum it up, The Legendary Elden Ring is an average RPG with some unique aspects that are worth your time and effort, but can easily be skipped if you enjoy the genre." 5/5 by T. Jackson Turrentine "El Dorado is an average JRPG with long generic dialogue and a lot of repetitive tasks that detract from the game. However, there are times when the story is engrossing, and the fighting is satisfying. If you can put up with the cliches and quirky aspects of the game, El Dorado is definitely worth checking out. However, if you have played a few JRPGs, you will likely find it dated and stale, even though some of the mechanics are unique." 3/5 by K. Felker "While this game follows a formula similar to others in the genre, they also carry a strange charm and offbeat jokes to offset the often bland lore and static content. The fast paced combat, multiple pathways through the game and the multitude of interesting characters made this game a joy to play and explore. The only downside was the lack of side quests, and that's not even really a big deal - there is a lot of content here, and you can easily find things to do. The leveling system can be a little confusing at times, but I love that developers don't care to spoon feed you the info. If you're looking for a fun adventure where you have an open world to explore, and a plethora of interesting characters to meet, this is a solid JRPG option. You should have fun with this game, even if you were expecting another Chrono bff6bb2d33

## **What's new in Elden Ring:**

**The bestselling fantasy RPG series for smartphones! ■ Switch to the glove-enabled combat system, where simple, intuitive motions bring your character to life! ■ Immerse yourself in a fantasy world filled with adventure and challenge! ■ Charming characters live in a world of their own.**

**The fate of this memorable world depends on you! ■ Alcones, once a prosperous trade city, fell under the subjugation of the Demon Lord Yuganastora and was subjugated. The trade routes through Alcones became increasingly and entirely controlled by the Demon Lord. The people of Alcones were desperate and started a rebellion, but their struggle was an utter failure. This was the end of the old Alcones.**

**Two years ago, a mysterious guild that lacked both the “fight-seeking eyes” and “hunger for power” appeared from the Alcones Trade Route. Though the guild was unknown, its actions quickly turned the tide of battle. As their numbers increased, so did their power. Within a year, they had subjugated the capital city of Alcones.**

**The Demon Lord’s army launched a massive counterattack, but the guild of mystery had assembled and divided their forces. And with them fell the Demon Lord and the old Alcones.**

**Two years later, the guild of mystery is the only one left in Alcones. They even have**
