Windows 10 Lite Utilities TorrentQ: set fixed size for imported image I have a UIImage which is created from an UIImagePickerControllerController. Its width is 512 and height is 288. To simplify the code and to make it lighter, I added the UIImage as a subview with the size of 100 X 100 in my UIView. After all the manipulation which may cause resizing or stretching of the UIImage is done, I want to set the new image's size to 100 X 100 at the position of the UIImage. I tried doing the following: [imageView setFrame:CGRectMake(100, 100, 100, 100)]; But, the image is resized after the subview size is
